

Pink gingham sailor-collar mini

EU 36 . 8 pieces . 33 sheets, grid 3 across

default seam allowance 10 mm included; follow individual edge overrides. Cut the OUTER line.

Print at 100% / actual size. Turn OFF "fit to page" and "shrink oversized pages".

BEFORE YOU CUT - print page 3 first

Print at 100% / "Actual size" / "No scaling". Turn OFF "Fit to page", "Scale to fit" and "Shrink oversized pages" - that setting is on by default and it is the usual reason a pattern comes out the wrong size. Headers and footers off. Print PAGE 3 ONLY first and measure its square with a ruler, from the CENTRE of one line to the CENTRE of the opposite line. 100 mm, give or take 1 mm, means the print is true. If it is not, fix the setting and print again. Do not cut.

Pieces

UPPER FRONT CENTRE - CUT 1X ON FOLD

FRONT CENTRE PANEL - CUT 1X ON FOLD

FRONT SIDE - CUT 2X MIRRORED

FRONT SIDE SKIRT - CUT 2X MIRRORED, ON THE BIAS

BACK CENTRE - CUT 2X MIRRORED

BACK SIDE - CUT 2X MIRRORED

FRONT COLLAR - CUT 4X: 2 UPPER + 2 UNDER COLLAR (MIRRORED PAIRS); UNDER: TRIM 2 MM OFF THE OUTER EDGE; GRAIN AS ARROW

BACK COLLAR - CUT 4X: 2 UPPER + 2 UNDER COLLAR (MIRRORED PAIRS); UNDER: TRIM 2 MM OFF THE OUTER EDGE

Assembly of the paper

33 sheets, grid 3 across x 11 down, 1A at the top-left - see the map on page 2. This is an OVERLAP pattern, not a butt-joined one: every sheet repeats a 10 mm band of its LEFT and TOP neighbour. Trim the left and top dashed edge of each sheet (cut down the middle of the line), then lay it over the sheet already down so the inner dotted band is covered. The corner targets (a cross inside a 9 mm circle, printed on both sheets at the same point) must sit exactly on each other, cross on cross (hold the pair against the light), and the edge ticks must line up - if they do not, the sheets are misaligned or the print is scaled. Tape, then cut the pattern.

Derived, not seen

The photograph did not show everything this pattern needs. Where it was silent, the plainest sewable reading was chosen rather than a guess at style. The back is not visible in the photograph, so it was derived: a back with princess seams like the front and a centre-back seam, cut to match the front, with a centre-back closure; the front's decoration is not repeated. The photograph shows the print but cannot show the fibre or weight, and does not establish stretch or recovery. The pattern has not been adjusted from measured fabric mechanics.

Tile map

33 sheets, 3 columns x 11 rows. 1A is top left.

Lay the sheets out on the floor in this arrangement. Every cell shown here IS in the PDF and must be printed - a grey cell is a sheet with no pattern on it, and it is printed anyway because it is the paper that keeps the grid square. Trim the dashed frame off the LEFT and TOP edge of every sheet, then overlap it onto the sheet to its left/above - when the corner targets (a cross in a circle) of both sheets sit exactly on each other, the sheets are aligned.

1A	1B	1C
2A	2B	2C
3A	3B	3C
4A	4B	4C
5A	5B	5C
6A	6B	6C
7A	7B	7C
8A	8B	8C
9A	9B	9C
10A	10B	10C
11A	11B	11C

Which piece is on which sheet

BACK CENTRE: 1A, 1B, 2A, 2B, 3A, 3B, 4A, 4B

BACK SIDE: 1B, 1C, 2B, 2C, 3B, 3C, 4B, 4C

FRONT CENTRE PANEL: 4A, 5A, 6A, 7A

FRONT SIDE SKIRT: 4A, 4B, 4C, 5A, 5B, 5C, 6A, 6B, 6C

FRONT SIDE: 7A, 7B, 8A, 8B, 9A, 9B

UPPER FRONT CENTRE: 7B, 7C, 8B, 8C

FRONT COLLAR: 9A, 9B, 10A, 10B

BACK COLLAR: 10A, 10B, 11A, 11B

Calibration

Measure this square with a ruler before you cut anything. 100 mm on both sides means the print is true. A 3% printer error is 3 mm here - visible. Do not cut without measuring: if the square is not 100 mm the print is scaled and the pattern will come out in the wrong size.

10 cm = 100 mm, measure me before cutting

printer scale 100%, headers/footers off. If this square is not 100 mm, do not cut.

4 inch x 1 inch, ticks every inch

default seam allowance 10 mm INCLUDED; follow edge overrides
