

Cutting layout

The fabric is folded selvedge to selvedge, so the usable width is HALF the bolt. A piece marked "ON FOLD" sits on that fold.

PURCHASE SEPARATELY: 1 zip, at least 750 mm long, for the centre back opening (sewing guide section 3b). Not included in cloth yardage.

PURCHASE SEPARATELY: 10 x 12 mm buttons. Not included in cloth yardage.

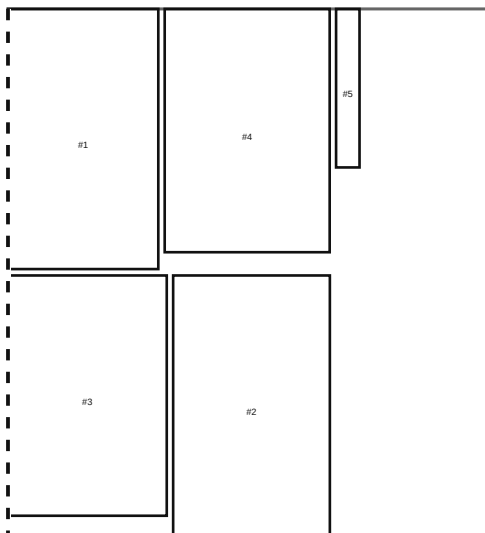

115 cm wide fabric - layout uses 0.83 m

scale 1:12 . dashed line on the left = the fold . usable width 575 mm

#1 FRONT BODICE: ON FOLD . #3 FRONT SKIRT: ON FOLD . #2 BACK BODICE: 2 MIRRORED . #4 BACK SKIRT: 2 MIRRORED . #5 FRONT STRIP: 1, TOP LAYER ONLY

150 cm wide fabric - layout uses 0.83 m

scale 1:12 . dashed line on the left = the fold . usable width 750 mm

#1 FRONT BODICE: ON FOLD . #3 FRONT SKIRT: ON FOLD . #2 BACK BODICE: 2 MIRRORED . #4 BACK SKIRT: 2 MIRRORED . #5 FRONT STRIP: 1, TOP LAYER ONLY

Yardage covers these placements only; shrinkage and matching prints need extra cloth. Keep each grainline parallel to the selvedge. Cut single pieces through the top layer only. CHECKED FABRIC: the layout above is drawn folded for plain fabric. Cut checks single layer, right side up (sewing guide, section 1): open the fabric, lay each piece as drawn and again flipped for its mirrored copy, and add about 0.5 m to the length above to match the checks.
